

Greenway Launches 'Mastering the Business of Design' Programs

Are Your Leaders Ready for Anything?

Whatever the future holds, your team needs to be ready for it and respond proactively. Contextualized leadership development provides current and newly minted leadership teams with the tools they need to lead your firm through variable market conditions and a changing competitive landscape.

Training and development are central to preparing for and mastering firm leadership and ownership roles.

Greenway has developed three unique 'Mastering the Business of Design' Programs, each designed to meet the unique needs of three distinct phases of professional experience.

Programs are regularly held at Greenway's Training and Leader Retreat at the Broadmoor Hotel in Colorado Springs, CO.

During the COVID-19 crisis Greenway Group has shifted our development programs to an e-Workshop format.
